

Welcome to Byrnes High School!

As principal, I would like to take this opportunity to welcome you to our school campus.

We stand committed to creating classroom learning environments that are rich in accelerated learning for every student--including a focus on student engagement and differentiated instruction.

Our goal is to see students succeed by *graduating on-time* AND being *college and career-ready* for success in 2-yr college, 4-yr college, employment/careers, and/or military service: **By 2024, the percentage of students graduating from Byrnes High School within four years will increase to 90%.**

A wide variety of resources are available to assist our students and our families in reaching this goal: In addition to our dynamic **classroom teachers**, every student has a designated **assistant principal, school counselor, and Career Development Facilitator**. Students are assigned a **R E B S (Rebel Educators Building Relationships with Students) advocate** who provides bi-weekly social-emotional lessons as well as Olweus Bullying Prevention. **Mental Health** staff and **Graduation Coach** services are available to all. Our on-campus programs like **PowerHour, Rebel Success Center, Academic Recapture, and test-prep seminars and workshops** can assist students with tutoring, remediation, and enrichment. Students should take advantage of the many authentic learning experiences offered at our partnering campuses **R D Anderson Applied Technology Center, Spartanburg County Master Skills Center, Spartanburg Community College, and The University of South Carolina-Upstate**. Many unique **student clubs and organizations**, including our award-winning **athletic and Fine Arts programs**, offer students the opportunity to pursue interests and develop Life and Career Characteristics like those included in the SC Profile of the Graduate.

Let's work together to make 2021-2022 the best school year yet.

Go Rebels!

Mrs. Erin B. Greenway,
Principal
